

The Paterson Process

Spend four days with certified instructors and other students learning how to facilitate Tom Paterson's state-of-the-art strategic operational planning process. Developed over the past twenty-five years and proven in its effectiveness through hundreds of consultations ranging from entrepreneurial start-ups to some of the world's largest corporations, THE TOM PATERSON PROCESS™ generates a seamless, action-based plan that produces quantum leaps in productivity, competitiveness, and adaptiveness.

As a facilitator-in-training, you will learn the Paterson Process and gain the basic training necessary to equip you to facilitate an intense 5 day process that guides leadership teams to manage for strategic, operational, and financial results. Behaviorally-sound methods and a customized process generates multi-dimensional leaders who intellectually and emotionally own their vision and implement it out of one integrated playbook.

"In short order, The Tom Paterson Process is able to take a group and bond them into an effective planning team, thereby producing a crisp plan and obtaining the team's commitment to execute the strategic operating plan they have developed."

Ben Randazzo, Director International Sales | W.W. Grainger, Inc.

What You Will Learn

Perspective

Where are we now?

Core Plan

Where are we headed?

Action

What is important now?

Structure

What is right for us?

Control &

Learning

How are we doing?

Renewal

What must change?

The Event

Dates

September 17-21, 2012

Location

Fort Collins, CO

Tuition

\$4,950 covers 4 days of comprehensive StratOp training, materials, and certification as a StratOp facilitator.

NOTE: Students that graduate from this course will be considered Certificate Facilitators and will be automatically enrolled into the Paterson Center Licensing Program for use of intellectual property.

Class Capacity

12-14 students. This smaller class size is designed for a high-level of interaction with the instructor and the other students. The format will include instruction, practice, debriefing sessions, and a summary of learnings from each session.
